

## JACK PETCHEY AWARD WINNERS 2020/2021

September	Ethan T	In spite of medical concerns, Ethan has been attentive and produced great work in lessons. He is an honest yet affable young man who wills himself to do his best even when other factors make this difficult. A humble and delightful student to have in the school,
October	Sam M	Sam has shown FANTASTIC dedication and commitment to his studies, especially in English. He is lovely, kind and always thinking of others. His attitude in class is first class and he wants to help others above himself. A genuine pleasure to teach.
November	Chris C	Chris achieved the highest score in the school in the National Senior Maths Challenge. An amazing achievement. Chris is a focused and hard-working student who deserves recognition for all his hard work.
January	Archie T	This young man has been consistently completing multiple Wellbeing Wednesday challenges every week which includes writing a prayer, running laps of his garden in honour of Captain Tom Moore, and baking delicious cakes. He has shown much determination and resilience during lockdown. On top of this, he has taken on other extra-curricular challenges such as building a model of a Medieval village in his garden!
February	Jake M	Jake mentors students in younger year groups. He works with others, helping them share and discuss their concerns. He is a role model and takes this role very seriously. He has worked with one particular student for a long time and you can really see the difference Jake makes in boosting his self-confidence. Jake donated his prize money to the memorial bench being created for a former student who recently passed away at the age of 19.
March	Aidan O	His contribution over lockdown has always been positive and he attends every lesson with enthusiasm and a sense of humour. He is being recognised for his hard work and infectious upbeat attitude which helped staff and students alike. He takes part in student voice groups and continues to inspire all those around him.
April	Ronald N	Scored the highest mark in the Intermediate Maths Challenge and continues to show a real passion for Maths. He has worked very hard over lockdown in this area and deserves recognition for the amount of progress he has making.
May	Dylan G	Raised over £200 for the charity Lepra through some very creative fundraising! Dylan dressed up in a colourful dress to help promote the charity and raise money to help fund its future work. Dylan really lived out the school's ethos and values by giving up his time for others and helping to raise vital funds for charity.
June	Senan C	Nominated by our Head of Maths for his outstanding Intermediate Maths Challenge result in which he got the best result in the school, beating students in the year groups above him.
